Remember that it will be November at Camp Nazareth! Just as it gets very hot during the summer, it gets very cold in the late fall. Bring clothes that will keep you warm. There is heat in the cabins that will help ward off the chill. It is advisable to bring a coat, pair of gloves, and a hat, just in case it gets really cold. There will be chaperones in all cabins, but bring something to wake yourself up with and money if you think you might want something from the gift shop.
